

# Board of Supervisors Meeting Recap: June 21, 2022

Our mission:  
Shasta County meets the needs of our community through collaborative services provided with courteous, efficient professionalism while ensuring public trust.

## MEETING HIGHLIGHTS

The Board approved a letter of opposition to Assembly Bill 1717. This bill would expand the definition of “public works” to include fuel reduction work paid for in part or whole by public funds. This change would then require payment of prevailing wage. The County’s position is that this measure would strain resources and hinder efforts to reduce fire fuels.

The Board renewed Shasta County Probation’s contract for operations of the Day Reporting Center, which is run through Geo Reentry Services.

Acting CEO Pat Minturn updated the Board on the status of filling vacant positions. He reports there are active recruitments underway as appropriate. Mr. Minturn reiterated the need to fill the positions in thoughtful way with a focus on long-term stability. The Board and the public will be updated as positions are filled.

The Board received an informal update on state water issues from a representative from State Senator Brian Dahle’s office. He reports districts statewide are struggling with water cutbacks. The representative said he would keep the Board updated on opportunities to weigh in on ways to help those in agriculture secure drought relief.

The Board approved Fiscal Year 21-22 year-end budget amendments to various projected budgets. The amendments showed a savings of approximately \$8.4 million to the County.
