State Releases Draft Action Plan for 2020 Disasters (including Zogg Fire). Public Comment Requested.

California's Department of Housing and Community Development (HCD) has published its draft Action Plan regarding the state's efforts to implement grant funding associated with the 2020 wildfires. The Zogg Fire that impacted Shasta County in September of 2020 is included in this report. The draft Action Plan can be found [here](#).

Due to these wildfires, the State of California received \$231,203,000 of Community Development Block Grant-Disaster Recovery (CDBG-DR) funds to address disaster impacts and mitigate future disasters. The funding must be spent within areas impacted by the disaster, including Butte, Fresno, Napa, Santa Cruz, Los Angeles, Shasta, Siskiyou, Solano, and Sonoma Counties. HCD will discuss the proposed CDBG-DR and mitigation programs, and the proposed funding timeline in the following public meeting webinars:

- May 18 at 6pm (English speaking)
- May 19 at 6pm (Spanish speaking)

The public can sign up for these meetings [here](#).

Public comment is also being accepted and can be submitted to the Department via mail and e-mail at the addresses listed on the public comment notice.
