Planning Commission to meet virtually on January 19 to postpone Tierra Robles project consideration

Due to high levels of community transmission of COVID-19 and the recent County of Shasta decision to limit in-person services, the Shasta County Planning Commission Special Meeting scheduled for January 19 will be conducted virtually. The meeting was initially set for the Planning Commission to consider making a recommendation to the Board of Supervisors regarding the Tierra Robles Planned Development. Instead, the Commission will meet only to postpone consideration of the item.

Instructions on how to view and participate in the meeting will be included when the agenda for the January 19 meeting is posted online here:

The Tierra Robles Planned Development is a 715.4-acre project site located approximately five miles east of the City of Redding, between the unincorporated communities of Bella Vista and Palo Cedro. To read more about the project, visit
