

Did You Know...

beginning in 2014, Medi-Cal eligibility will be expanded to include the non-disabled, non-elderly, childless adult population up to 133% FPL with a 5% income disregard?

Tax Household Members

The unit of people whose income and information must be considered in determining eligibility for all programs subject to the use of Modified Adjusted Gross Income (MAGI) methodology.

This is different from the Medi-Cal Family Budget Unit (MFBU) as it is based on household members in the tax filing unit rather than who lives together in a household like today's MFBU is.
