CURRENT SITUATION		
Situation Summary:	<ul style="list-style-type: none"> We have 3 new cases today, all of whom had symptoms and none of which were hospitalized. They are a woman in her 20s, a woman in her 60s and a woman in her 70s. <ul style="list-style-type: none"> We are sorry to have to report a death today. The coroner has confirmed that a woman in her 70s has died due to COVID-19. Contact tracing plays a vital role in helping to stop the spread of COVID-19. Unfortunately, scammers sometimes pose as contact tracers. In Shasta County, contact tracing is almost always done by a direct phone call. If you get a call from a contact tracer and aren't sure if it's legitimate, call (530) 225-5591 and say you are returning a call from a contact tracer. Anyone can be tested for COVID-19. If you have symptoms, contact your healthcare provider or call (530) 225-5591 to access testing in Redding or the Intermountain area. People with or without symptoms can sign up for testing at Shasta College. Go to https://lhi.care/covidtesting. Appointments are required.
