PRESS RELEASE

FOR IMMEDIATE RELEASE

Date: March 21, 2020

FOOD AVAILABLE FOR ISOLATED VULNERABLE PEOPLE

During the Covid-19 situation, the Shasta Tehama Volunteer Organizations Active in Disaster (VOAD) is coordinating supplemental food to isolated seniors, those with disabilities, and the medically vulnerable within Shasta County.

This temporary food service is being offered to those in our local community with limited food supplies. Items will be non-specific, non-perishable, dry-good food items. No substitutions are available.

This supplemental food will be delivered to homes. To receive delivery services, go to <https://bit.ly/2vIcYwo> and fill out the form, or call 211. By completing the online form, you agree to be contacted and that you might meet the eligibility requirement.

Please continue to use the Dignity Health Connected Living Community Food Bank for regular food distributions using a new no-contact drive thru model. Please contact Dignity Health Connected Living for information on community food distributions at (530) 226-3071 or online at connectedlivingnorthstate.org.
