Interested in becoming an ACE Interface Master Trainer?

We are looking for enthusiastic individuals interested in educating others on Adverse Childhood Experiences (ACEs). Shasta County HHSA can financially support 10 individuals to become ACE Master Trainers. Fill out the application below before **April 1, 2019** to educate Shasta County residents about ACEs.

Is This Training for You?

As an ACE trainer, you will provide community trainings and will meet for a monthly Learning Community meeting. The Learning Community enriches and supports ACE trainings. You will work towards the goal of encouraging community members to tell everyone they know about ACEs, and educate on the long-term effects of childhood adversity. You could make the difference in reducing ACEs in our children. Apply today to champion ACEs prevention!

Submit Shasta County training applications before April 1, 2019 to kkeith@co.shasta.ca.us.

Interested in trainings outside Shasta County? Contact Lisa Tadlock at 530.526.2854 or email Lisa.Tadlock@phi.org. to apply and learn more.

Please answer the following questions to the best of your ability:

1. Are you available to attend two full days of the ACE Interface Train the Trainer event on May 15-16, 2019, funded by Shasta County HHSA?
2. Please tell us about yourself and why are you interested in becoming an ACE Interface Trainer.
3. Please explain how you would use the ACE Interface training.
4. What experience do you have in teaching, presenting, and coaching groups? Please highlight what makes you a good teacher or trainer.
5. Please describe your comfort using technology for presentations and tell us what computer programs and software you are proficient in.
6. Which communities or audiences do you feel you are most able to reach with the ACE Interface information? Why are these communities or audiences important?

Due: April 1, 2019

Train the Trainer Event: May 15-16, 2019

7. Please briefly describe what strategies you would use to engage a given audience or community. Please tell us what strategies you have found helpful in the past.

8. Talking about trauma and adversity can be emotionally challenging for trainers and audience members. It is important for a trainer to know their limitations, triggers, and emotional responses to potentially challenging audience responses and tough conversations. How have you or would you deal with your own triggers, secondary trauma, compassion fatigue, or other challenging emotional experiences that may occur while providing a presentation?

9. How would the ACE Interface training process work within your existing commitments/schedule? What time do you have available on a consistent basis to provide presentations (number of hours available on a weekly, monthly or quarterly basis)? Has your supervisor and director agreed to allow time for **preparing** and **providing** trainings? (Core Presentations last 1.5–2.5 hours and Workshops last 2.5-4+ hours)

10. What event types would you like to facilitate and have availability for?
 - a. *Resilience* Showing (1 hour) with follow-up discussion (30-45 minutes)
 - b. Core Presentation: 1.5-2.5 hours
 - c. Workshop Presentation: 2.5-4+ hours

11. What is your availability preference? (traditional business hours 8-5, evenings, weekends, mornings, only Wednesdays, etc.)
