1. Call to Order/Quorum Established/Introductions

Meeting was called to order at 10:30am by Cathy Rahmeyer, Committee Chair. Quorum was established.

Members Present: Cathy Rahmeyer, Chair (Plumas), Kintay Johnson, Vice-Chair (Del Norte), Tammy Muldoon (Sierra), Maddelyn Bryan (Siskiyou), Grace Poor (Lassen) and John Cravens (Shasta).

Non-Voting Members Present: Laurie Marsh and Laura McDuffey.

Lead Agency: Hollie Zander, Trisha Boss, Paul Tunison and Shannon Goodwin.

2. Public Comments (limited to 3 mins. per comment)

No public comments were received.

3. Approval of Meeting Minutes

Tammy Muldoon and Laura McDuffey stated that they were present at the April 13, 2021 meeting and requested that the minutes be updated to reflect this. Kintay Johnson made a motion to approve meeting minutes from April 13, 2021, with the suggested addition, seconded by Tammy Muldoon. Roll call was taken, Grace Poor abstained, all others approved, and none opposed.

4. Discussion

I. The Mission and how to coordinate HMIS data with programs.

Hollie Zander announced that beginning the second week of July, a part time Shasta County Housing and Community Action Agency employee will Lead be assigned to work at the Good News Rescue Mission in Shasta County to do HMIS data entry. The Mission does not have anyone who can, and their program does not align with hiring this type of position.

II. Built for Zero and how to incorporate that in our CoC.

Hollie Zander shared that the Shasta County CoC advisory board is looking into Built for Zero but is nowhere close to coming up with a decision. They are getting a group together and coming up with ideas on how to get started with Built for Zero. Cathy Rahmeyer shared that she thought someone was

going to come back and do a presentation to this committee or explain it but that got lost.

III. Updates to the HMIS template/ flyer for coordinated entry points.

Maddelyn Bryan, Siskiyou County, expressed that creating a flyer to advertise coordinated entry points would be premature since they are still in the process of solidifying their access points. Cathy Rahmeyer shared that she thinks creating a flyer to advertise CE would be premature for everyone until Paul gets everyone trained in HMIS/ CE and everyone is on the same page. She suggests putting the flyer off to a future date and bringing it back to the agenda on a later time. Siskiyou County agreed and no one communicated otherwise.

5. County Updates

Cathy Rahmeyer, Plumas shared that Paul Tunison did Coordinated Entry (CE) training in Quincy and that he did a very good job. This is the first step toward coordinated entry, there is more training and information to follow as they navigate the logistics of CE within a seven-county region. She explained transportation challenges and the possibility of the use of a van operated by Plumas Rural Services to help meet CE transport folks that want to accept a bed in other counties.

Grace Poor, Lassen shared they are looking forward to CE training with Paul and getting CE started in Lassen.

Laura McDuffey, Shasta, speak for John Cravens, they are working with Paul on the Shasta County Access Points. Shasta County Health and Human Services hired a second community mental health advocate who is one of the two primary people doing CE for their agency.

6. Lead Agency Updates

I. Scheduled dates for in person CE Training

Hollie Zander shared that Siskiyou and Lassen are scheduled for CE training and one agency in Shasta. Modoc has not yet been scheduled. Training with case managers who are going to be part of the outreach team is important. Anyone else who wants to schedule training can contact Hollie Zander or Paul Tunison.

II. Access Points/Service Providers

Paul Tunison reviewed an updated lists of verified access points for all the counties. He shared that domestic violence access points utilize their own data base, this will require a different process. He requested to be contacted for any additional access points so they can be added to the policies and procedures. He

explained that the policies and procedures will be updated as we continue to move forward in implementing CE.

III. VI-SPDAT

Hollie Zander shared that it is important to have Paul Tunison do a CE training either virtual or in-person training. As CE is in the beginning stages Paul's knowledge for training is preferred to ensure that everyone is on the same page.

IV. Emergency Housing Vouchers

Hollie Zander shared the Emergency Housing Vouchers is a new voucher program that has been allocated to PHAs. This voucher requires PHAs to do two things, get into an MOU with their CoC and is required to use the CoC's use the CE system to get the referrals for these vouchers. Access points are important because the program needs to be implemented as soon as possible. Lead Agency is working on the MOUs and have three PHAs in our (in the counties of CoC Del Norte, Shasta Co Housing Authority and Redding Housing Authority) who have accepted their allocation.

Lead Agency is working on a presentation the EHV program and on how the vouchers are going to work with CE. A new project will be set up in HMIS just for emergency housing vouchers. Emergency housing vouchers will have their own by-name list, and their own waiting list within the PHA. They come with additional admin fees that could help pay for application fees, deposits, and furniture. Access points can refer people over who meet the criteria of homeless, at risk of being homeless or fleeing a DV situation. The PHA and the CoC will need to work together to make sure the individuals are getting all the documentation done and as quickly as possible. Referrals will be entered into HMIS under the EHV project. The vouchers have additional funding to connect the individuals with a case manager from the PHA like a social worker to assist if the individual does not have one. Shasta Co. Housing Authority serving Shasta, Siskiyou and Trinity received 36 emergency housing vouchers, the City of Redding Housing Authority received 63 and Del Norte received 15.

7. Discussion Items for Next Meeting

No discussion items for the next meeting shared at this time.

8. Adjournment

Cathy Rahmeyer made a motion to adjourn the meeting at 11:13am.

ASSESSMENT

2) Crisis Assessment (Immediately):

Sierra County does not have a CoC crisis response system that includes a crisis response system. No dedicated emergency shelter or homeless assistance project is available to Sierra County residents. Therefore, any crisis assessment will be based on individual needs and what opportunities are available (if any) at that time.

Assessment Policies and procedures:

Sierra County’s policy regarding NorCal HMIS and VI-SPDAT will be that assessments must be recorded in the HMIS Prioritization List within 4 business days of when the information was first collected. This is due to the fact that there is no local housing coordinator and that linkage to services comes through so many different agencies while there is only one recognized, certified HMIS site at the moment.

PRIORITIZATION:

The CoC Priorities which include Permanent Supportive Housing, Transitional Housing, and Rapid Re-Housing facilities do not exist in Sierra County.

Prioritization will be approached through a multi-agency case conference to prioritize needs.

Appendix A – Definitions

Terms used throughout this document are defined below

- **Acuity** -when using the VI-SPDAT prescreens as a triage tool, acuity speaks to the presence of a presenting issue based on the prescreen score. Acuity refers to the severity of the presenting issues and is expressed as a number with a higher number representing more complex, co-occurring issues that are likely to impact overall housing stability.

- **Chronically Homeless –**
 - An individual who: (i) Is homeless and lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and (ii) Has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last 3 years where those occasions also cumulatively total at least 12 months; and (iii) Can be diagnosed with one or more of the following conditions: substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance Bill of Rights Act of 2000 (42 U.S.C. 15002)), post-traumatic stress disorder, cognitive impairments resulting from brain injury, or chronic physical illness or disability;
 - An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria in paragraph (1) of this definition [as described in Section I.D.2(a) of this Notice], before entering that facility;
 - A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) of this definition [as described in Section I.D.2(a) of this Notice, including a family whose composition has fluctuated while the head of household has been homeless. (24 CFR 578.3)]
- **Client –** Individual or family who accesses the CEP
- **Continuum of Care (CoC) -** The group organized to carry out the responsibilities and requirements under 24 CFR part 578 that is composed of representatives of organizations including: nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing developers, law enforcement, organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons to the extent these groups are represented within the geographic area and are available to participate.
- **Coordinated Entry Administrator –** An agency chosen by the HMIS/CEP Committee to manage the Prioritization List, locally or for the entire CoC, and to serve as the point of contact for the Coordinated Entry Process. The Coordinated Entry Administrator will be identified in each county’s local addendum.
- **Diversion –** A strategy that prevents homelessness for people seeking shelter by helping them identify immediate alternate housing arrangements and, if necessary, connecting them with services and financial assistance to help them return to permanent housing. Diversion programs can reduce the number of families becoming homeless, the demand for shelter beds and the size of program prioritization lists. The difference between diversion and other permanent housing-focused interventions centers on the point at which intervention occurs. Prevention targets people at risk, and diversion targets people as they are applying for entry into shelter and rapid re-housing/permanent supporting housing targets people who are already homeless.
- **Literally Homeless (HUD Homeless Definition Category 1) -** An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: (i) An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground; (ii) An individual or

family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low income individuals); or (iii) An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution (24 CFR 578.3)

- **Imminently at Risk of Homelessness (HUD Homeless Definition Category 2)** - An individual or family who will imminently lose their primary nighttime residence, provided that: (i) The primary nighttime residence will be lost within 14 days of the date of application for homeless assistance; (ii) No subsequent residence has been identified; and (iii) The individual or family lacks the resources or support networks, e.g., family, friends, faith-based or other social networks needed to obtain other permanent housing (24 CFR 578.3)
- **Fleeing domestic abuse or violence (HUD Homeless Definition Category 4)** - Any individual or family who: (i) Is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence; (ii) Has no other residence; and (iii) Lacks the resources or support networks, e.g., family, friends, faith-based or other social networks, to obtain other permanent housing (24 CFR 578.3)
- **Homeless Management Information System (HMIS)** - The information system designated by NorCal CoC CA 516 and Dos Rios CoC CA 523 to comply with the requirements of HUD used to record, analyze, and transmit client and activity data in regard to the provision of shelter, housing, and services to individuals and families who are experiencing homelessness or at risk of homelessness. HMIS Policies and Procedures and the required intake and Release of Information forms can be found on the NorCal CoC website:
<https://www.co.shasta.ca.us/index/housing-community/hmis-resources>
- **HMIS Data Standards** - HMIS data standards have been established by the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Health and Human Services (HHS), and the U.S. Department of Veterans Affairs (VA) to allow for standardized data collection on homeless individuals and families across systems.
- **HMIS Lead Agency** – The entity designated by the Continuum of Care to operate the Continuum's HMIS on its behalf. The Shasta County Housing Authority/Community Action Agency serves as the lead agency for HMIS.
- **Housing Interventions** - Housing programs and subsidies; these include transitional housing, rapid re-housing, and permanent supportive housing programs, as well as permanent housing subsidy programs (e.g. Housing Choice Vouchers).
- **Local CEP (LCEP)** – At this time, the LCEP is the local, by county, entry system for persons needing assistance.
- **Local Prioritization Committee (LPC)**- Regional committees comprised of CoC, ESG or other funded agencies that come to the table to make and take referrals to/from the Prioritization List of eligible, high acuity individuals and families seeking housing interventions. LPC's must adhere to priorities set forth by HUD and this policy.
- **No Wrong Door Approach**-Describes the experience of accessing housing assistance and the

service system in a CoC from the client’s perspective and is a system that is designed so that the client only has to go one place for a housing referral to the appropriate housing assistance, if available. Currently, the No Wrong Door Approach will be utilized through each Local Prioritization Committee across the CoC.

- **Permanent Supportive Housing (PSH)**-Community-based housing without a designated length of stay. PSH means long-term permanent housing in which supportive services are provided to assist homeless persons with a disability to live independently.
- **Prioritization List**-A list generated by VI-SPDAT entry into the NorCal Homeless Management Information System (HMIS). Each LPC will receive access via HMIS to enter completed VI-SPDATs for inclusion on the list for purposes of LPC prioritization and housing placement if immediate placement is not available. All ESG and CoC funded agencies, and others participating in the CEP must make and take referrals off of this list for their housing programs if housing is not immediately available.
- **Program** – A specific set of services or a housing intervention offered by a provider.
- **Provider** – Organization that provides services or housing to people experiencing or at-risk of homelessness.
 - *Ex: Shasta County Health & Human Services (Provider) has the CalWORKs Housing Supports Program (Program Name) and Rapid Re- Housing (Program Type)*
- **Rapid Re-Housing (RRH)**-An intervention designed to help individuals and families exit homelessness as quickly as possible, return to permanent housing and achieve stability in that housing. Rapid re-housing assistance is offered without preconditions (such as employment, income, absence of criminal record or sobriety) and the resources and services provided are typically tailored to the unique needs of the household. The core components of a rapid re-housing program are housing identification and relocation, short and/or medium-term rental assistance and move-in assistance, case management and housing stabilization services.
- **Severity of Service Needs - (a)** For the purposes of Notice(CPD-16-11), this means an individual for whom at least one of the following is true:
 - a. History of high utilization of crisis services, which include but are not limited to, emergency rooms, jails, and psychiatric facilities; and/or
 - b. Significant health or behavioral health challenges, substance use disorders, or functional impairments which require a significant level of support in order to maintain permanent housing.
 - c. For youth and victims of domestic violence, high risk of continued trauma or high risk of harm or exposure to very dangerous living situations.
 - d. When applicable CoC’s and recipients of CoC Program-funded PSH may use an alternate criteria used by Medicaid departments to identify high-need, high cost beneficiaries.
- **(b)** Severe service needs as defined in paragraphs i.-iv. above should be identified and verified through data-driven methods such as an administrative data match or through the use of a standardized assessment tool and process and should be documented in a program participant’s case file. The determination must not be based on a specific diagnosis or disability type, but only on the severity of needs of the individual. The

determination cannot be made based on any factors that would result in a violation of any nondiscrimination and equal opportunity requirements, see 24 C.F.R. § 5.105(a)

- **Transitional Housing (TH)**-Housing to facilitate the movement of individuals and families experiencing homelessness into permanent housing within 24 months.
- **VI-SPDAT** – *Vulnerability Index-Service Prioritization Decision Assistance Tool* is a standardized assessment tool used in the CEP. The VI-SPDAT is a pre-screening, or triage tool, that is designed to be used by all providers within the CEP to quickly assess the health and social needs of people experiencing homelessness and match them with the most appropriate support and housing interventions that are available. A copy of the VI-SPDAT (single persons) and the VI-FSPDAT (families) can be found on the CoC’s website:
