**Meeting Overview:**

The meeting was called to order at approximately 1 p.m. Introductions were made.

The various subcommittees presented their reports:

- Chelsey Chappelle presented the Probation Department staffing needs and a plan for **mandated** home electronic monitoring to be supervised by the Probation Department.
- Sheila Ashmun presented a plan for a team approach to create a supervision/compliance check team to work with Probation/Day Reporting Center staff to identify and focus on non-compliant parolees.
- Marta McKenzie presented a list of program and assessments needs.
- Don Van Buskirk provided costs associated with various local custody and custody bed alternative options:
  - o Expand the jail to provide beds dedicated to the prison/parolee population that needs to be incarcerated (open the entire floor or half a floor of the jail).
  - o Expand the work release program
  - o Create a house arrest/SO parole program

There was general discussion regarding the information presented.

The costs for the various programs were discussed and a model was presented allotting monies for supervision, custody/alternative custody, and programming/services. After much discussion costs for nine months (October 2011 thru June 2012) were noted, and a decision was made to use the information as a base. The CCP Executive Committee will meet and fine tune the plan.

Julie Hope advised that the Auditor is setting up a system within a cost center that the CAO's office will manage and set up expenditures per the realignment plan submitted by the CCPEC. Departments will be informed of the project/activity codes to track monies.

Future AB109 funding was discussed. Julie Hope will forward the information to committee members.

The next meeting is scheduled for 1:00 p.m., September 14, 2011, in Room 216 at National University.
