Action Items

Community Correction Partnership Planning Survey Report for FY 2016/17

Tracie Neal gave an overview of the CCP Planning Survey Report for FY 2016/17. She continued by stating that one of the suggestions given at the November meeting was not included and that #21 was going to read “Not at this time.” Melissa Fowler-Bradley asked if #12 should indicate goal progress and goal funding. Erin Ceccarelli stated that #12 was for setting goals for FY 16/17 and that we would report on that progress next year. Jeff Gorder clarified that according to question #16, less than 20% of funding is used for Evidence Based Programming (EBP). Tracie Neal stated that is the case according to the budget. Jeff Gorder asked if PO’s engaging in Motivational Interviewing could be considered EBP. Tracie Neal stated that those techniques are not considered and that only programs that are evidence based are considered for that question. Donnell Ewert asked if Behavioral Health Court (BHC) is considered for that question. Erin Ceccarelli stated that BHC is not included in that question. Rob Paoletti asked if there is a lack of mental health or treatment options available for offenders who require placement. Tracie Neal stated that Probation has struggled with sober living placements and that there are not a lot of those options in the community. Rob Paoletti stated that, in #18, when talking about the challenges that the county faces, most of the individuals that RPD deals with are drug users or have mental health issues, and lack of capacity for those services is an issue that should be included. Donnell Ewert stated that it isn’t just a capacity issue and that the individuals are not compelled to go to these services. Jeff Gorder stated that there is a lack of substance abuse treatment EBP overall and that the inpatient/outpatient services available are not EBP. Donnell Ewert stated that they are working on building up the medically assisted treatment options. Jeff Gorder stated that the lack of substance abuse treatment could be included in 18B. Rob Paoletti agreed. Tracie Neal stated that we can add the crisis stabilization piece and when talking about EBP we can talk about how many of the programming available in the county are not EBP. Tom Wright stated that as of January 1st, all Domestic Violence programming that are certified by the county need to be EBP.
