WORKSHOP

- R2** **GENERAL PLAN HOUSING ELEMENT:** The Planning Commission will conduct a public workshop on the draft Shasta County General Plan 2014-2019 Housing Element update. Section 65302(c) of the California Government Code requires cities and counties to adopt Housing Elements as part of their General Plans to analyze issues of housing availability, affordability, and needs in their communities and to set goals, objectives, policies, programs, and implementation strategies to address those issues. It is very important that we hear from local residents and concerned agencies on these issues. The information, perspectives, and insights of the citizens and agencies can become a vital part of the fabric of the Housing Element. The updated Shasta County Housing Element must adequately plan to meet the County's existing and projected housing needs, including its share of the regional housing need. The Housing Element includes an analysis of both the constraints that may impact housing development as well the resources available to facilitate it. During the workshop, past accomplishments from the County's 2009-2014 Housing Element will be evaluated, along with goals, policies, and implementation programs to achieve the County's share of the regional housing needs for the 2014-2019 planning period.
