

**NOTICE OF PREPARATION
OF AN
ENVIRONMENTAL IMPACT REPORT**

To: RESPONSIBLE, REVIEWING, AND INTERSTED AGENCIES

From: Shasta County
Department of Resource Management, Planning Division
1855 Placer Street, Suite 103
Redding, Ca 96001
(530) 225-5532

County of Shasta will be the Lead Agency and will prepare a Environmental Impact Report (EIR) for the project identified below. This project and a Notice of Preparation (NOP) were initially circulated in February, 2007. Due to changes in the project description, the NOP is being re-circulated for additional review. County of Shasta requests the views of your agency as to the scope and content of the environmental information which is germane to your agency's statutory responsibilities in connection with the proposed project. Your agency will need to use the EIR prepared by our agency when considering your permit or other approval for the project.

The revised project description, including a summary of the changes, location, and the potential environmental effects are contained in the attached materials. A copy of the Initial Study is attached.

Due to the time limits mandated by State law, your response must be sent at the earliest possible date but not later than 30 days after receipt of this notice.

Please send your written response to Lisa Lozier, Senior Planner of the Shasta County Resource Management Department, Planning Division at the address shown above by January 11, 2008. Please provide a contact person for your agency in the written response.

NOTE: Agencies need not respond if the comments on the revised project are the same as previously submitted. Agencies need not re-send previous comments.
