Shasta County, 7-Day Average, Adjusted Case Rate* per 100,000 Residents

Shasta County 7-Day Average Positivity Rate

- We are sorry to report two deaths today. They were a man in his 70s and a man in his 80s.

- Shasta County remains in the red tier, and our case rate and positivity rate both dropped this week. Our adjusted case rate dropped from 5.9 to 5.0 daily cases per 100,000 residents. The unadjusted case rate is 5.1. Our positivity rate decreased from 2.5% to 2.0%. **Let's keep our numbers moving down!** Please continue to use all the tools available to us – wear your mask in public, keep your distance, get tested regularly and get vaccinated when it's your turn.

- VACCINE CLINICS: Several first- and second-dose clinics are available in the next few weeks in Shasta County. Learn more at www.ShastaReady.org – click on “Vaccinations.”

- Testing is quick, free and easy. You can sign up for an appointment at a state testing site, or just walk in. Options are outlined at www.ShastaReady.org – click on “Get tested.”
