<b>453</b>	<b>8,070</b>	<b>136,543</b>	<b>132</b>

### CURRENT SITUATION

- We had 87 cases Sunday and Monday, including 45 men and 42 women:

- 5 children under age 13
- 4 teenagers
- 11 people in their 20s
- 17 people in their 30s
- 15 people in their 40s
- 9 people in their 50s
- 13 people in their 60s
- 6 people in their 70s
- 6 people in their 80s
- 1 person over age 89

- We are sorry to have to report three deaths today. They are two men in their 70s and a man in his 80s.

- Who is being vaccinated now?** People in [Phase 1A](#) (healthcare workers, long-term care facilities, workers in emergency services) and people 75 and older. **How can they sign up for vaccine?** Options are listed at [www.ShastaReady.org](http://www.ShastaReady.org) (click "Vaccinations"). If you don't see an option that works for you and **if you are eligible now**, there are two ways to get on the list to be scheduled for an appointment – click [the blue oval](#) labeled "Tell me when it's my turn" and complete the short survey, or call (530) 245-7890. Both options will get you on one master list, and Public Health will call or email you to set up an appointment.
- Shasta County remains in the purple ("widespread") tier. Our adjusted case rate decreased from 49.6 to 36.5 daily cases per 100,000 residents. The unadjusted case rate is 34.8, but was adjusted up because the county's per capita testing volume is lower than the state average. Our positivity rate decreased from 8.2% to 5.5%. Find more data at [www.ShastaReady.org](http://www.ShastaReady.org); click on "Data and Statistics."
