1,923	1,954	4

CURRENT SITUATION

Situation Summary:

- We have no new positive cases today.
- **Get tested for COVID-19!** Testing options (all by appointment only):
 - **People with no symptoms:** Visit <https://lhi.care/covidtesting> to make an appointment for this new walk-up testing option. Appointments are available from 7 a.m. to 7 p.m. Monday through Friday at Shasta College.
 - **Anyone with COVID-19 symptoms:** Contact your healthcare provider for testing, or call Shasta County Public Health at (530) 225-5591 to be screened and scheduled for a mobile testing appointment.
- This afternoon, Shasta County Health Officer Karen Ramstrom certified that Shasta County meets the requirements for full implementation of Stage 2 of re-opening. The Board of Supervisors approved a letter of support.
- The Shasta County Roadmap to Recovery, a path toward re-opening the county, has been posted on www.ShastaReady.org. The plan was created by Shasta County Health Officer Karen Ramstrom with the guidance of a multifaceted advisory committee. This plan ensures a coordinated approach to safely and gradually re-open the county while addressing both the public health and economic emergencies created by COVID-19. It's important to know that people must still avoid non-essential travel and mass gatherings. Our local businesses are able to safely open (with adaptations) because we have these other protections in place. The staged plan is necessary to continue to limit the spread of COVID-19 and relies fully on the engagement and cooperation of individuals and businesses. We must create a safe "new normal" for how businesses function and how social interactions can occur.
- **Business owners:** As California enters Stage 2 of its re-opening, we encourage you to review the state's guidance for your specific industry, then create a re-opening plan using the template at www.ShastaReady.org (click on Roadmap to Recovery). This helps ensure

	<p>you're making the shopping experience as safe as possible for your customers and staff. You can make your plan available to customers by posting it on your website and in your business. If you'd like our business engagement team to help provide technical assistance on your plan, email COVID19@co.shasta.ca.us. Preventing a resurgence of COVID-19 will help us continue moving forward in the re-opening process.</p> <ul style="list-style-type: none"> • Community members: You can find tips on being a safe and smart consumer as businesses re-open by reviewing the consumer checklist at www.ShastaReady.org (click on Roadmap to Recovery).
