34	8	1
Confirmed Cases Today	Current Hospitalized	In Quarantine
0	0	9
Negative Public / Private Lab Tests	Total Tests to Date	Total Deaths
3,112	3,146	4
CURRENT SITUATION		
Situation Summary:	<ul style="list-style-type: none"> We have no new positive cases today. As Shasta County gradually reopens for business, we can all do our part to stop the spread of COVID-19 by wearing a mask when in public. Cloth face coverings help reduce the spread of germs by preventing the release of droplets when someone speaks, coughs or sneezes. Remember, wearing a face covering is not a replacement for physical distancing, frequent hand washing, and staying home when sick. Your mask protects me, and my mask protects you. Together, we can stop the spread. For more information, including how to make your own cloth face covering, go to www.ShastaReady.org.
