34	8	1
Confirmed Cases Today	Current Hospitalized	In Quarantine
0	0	10
Negative Public / Private Lab Tests	Total Tests to Date	Total Deaths
3,366	3,400	4
CURRENT SITUATION		
Situation Summary:	<ul style="list-style-type: none"> We have no new positive cases today. The U.S. Department of Agriculture’s Farmers to Families Food Box program is partnering with regional and local distributors, whose workforces have been significantly impacted by the closure of many restaurants, hotels and other food service entities, to purchase \$3 billion in fresh produce, dairy, and meat and deliver boxes to Americans in need. Beginning May 26, the USDA, through the Farm Service Agency, will be accepting applications from agricultural producers who have suffered losses. Additional information and application forms can be found at farmers.gov/cfap. As Shasta County gradually reopens for business, we can all do our part to stop the spread of COVID-19 by wearing a mask when in public. Cloth face coverings help reduce the spread of germs by preventing the release of droplets when someone speaks, coughs or sneezes. Remember, wearing a face covering is not a replacement for physical distancing, frequent hand washing, and staying home when sick. Your mask protects me, and my mask protects you. Together, we can stop the spread. For more information, including how to make your own cloth face covering, go to www.ShastaReady.org.
