6,033	6,080	4
CURRENT SITUATION		
Situation Summary:	<ul style="list-style-type: none"> We have no new cases today. It is still best to stay connected with your loved ones through phone and video calls, as visiting family and friends outside your household still presents a risk of spreading coronavirus. Keeping distance from others is especially important for people at higher risk of getting very sick, including older people, and people of any age who have underlying medical conditions. If you do visit family or friends in person, take steps to keep everyone safe, like: <ul style="list-style-type: none"> Keep at least 6 feet between yourself and others, even when you wear a face covering Visit outdoors instead of indoors when possible Wear a cloth face covering Wash your hands often Clean and disinfect commonly-touched surfaces Now that people are spending more time in public, we encourage everyone to get tested for COVID-19. If you have symptoms, contact your healthcare provider or call Shasta County Public Health at (530) 225-5591. If you don't have symptoms, go to https://lhi.care/covidtesting. Appointments are required.
