Negative Tests	Total Tests to Date	Total Deaths
<b>11,131</b>	<b>11,227</b>	<b>4</b>
CURRENT SITUATION		
<b>Situation Summary:</b>	<ul style="list-style-type: none"> <li>We have four new cases today. They are a teenage boy and man in his 60s with symptoms, and a man in his 30s and a man in his 90s without symptoms. One is hospitalized.</li> <li>We continue to see cases of people who test positive without symptoms, including two from today. This is a good reminder that you can spread the virus before you develop COVID-19 symptoms. Face coverings help prevent spread, and wearing one when you're unable to physically distance yourself from others is an easy way to do your part to keep our community healthy.</li> </ul>
