| Total Confirmed Cases: | Hospitalized in Shasta County | In Isolation | Active Cases |
| 575 | 3 | 18 | 21 |
| Confirmed Cases Tuesday | Currently in the Intensive Care Unit (ICU) | In Quarantine | Released from Isolation to Date |
| 3 | 1 | 97 | 542 |
| Negative Tests Tuesday | Negative Tests to Date | Total Tests | Deaths |
| 174 | 35,738 | 36,313 | 12 |

CURRENT SITUATION

- We had 3 new cases on Tuesday. Two had symptoms, one is still under investigation and none are hospitalized. They are:
 - Two women in their 20s
 - A man in his 40s
- It can be difficult to understand why some businesses are allowed to open while others cannot. An activity or business' place in the state's [new four-tier system](#) depends on whether it can:
 - Accommodate mask wearing at all times (for example, eating and drinking requires removing masks)
 - Allow physical distance between individuals from different households
 - Limit the number of people per square foot
 - Limit time that an individual is at the business or activity
 - Limit time of exposure
 - Limit mixing of people from different households
 - Limit amount of physical interactions of visitors/patrons
 - Increase airflow (such as operating outdoors or opening windows and doors)
 - Limit activities that are known to increase virus spread (like singing, shouting and heavy breathing)
- Anyone can be tested for COVID-19. Go to ShastaReady.org and click on "Get tested" to find out the best option for you.
