

COVID-19 INCIDENT UPDATE: October 6, 2020

Statistics from October 5, 2020

INCIDENT FACTS AND SUMMARY			
Total Confirmed Cases:	Hospitalized in Shasta County	In Isolation	Active Cases
1,242	9	105	114
Confirmed Cases Monday	Currently in the Intensive Care Unit (ICU)	In Quarantine	Released from Isolation to Date
84	0	286	1,106
Negative Tests Monday	Negative Tests to Date	Total Tests	Deaths
474	49,572	50,814	22

CURRENT SITUATION

- We had 84 new cases on Monday, including 31 men and 53 women. They are:

- 2 children under age 13
- 12 teenagers
- 38 people in their 20s
- 16 people in their 30s
- 9 people in their 40s
- 2 people in their 50s
- 1 person in their 60s
- 4 people in their 70s

- Shasta County has dropped into the red (“substantial”) range after Tuesday’s statewide data update. Our case rate increased from 6.5 to 12.8 daily cases per 100,000 residents, and our positivity rate increased from 4 to 6.9 percent. These numbers are a seven-day average with a seven-day lag (Sept. 20-26). The case rate measures in the purple tier, but counties must be in a tier for two weeks before they are moved to a more restrictive tier, so Shasta will remain at red until at least Oct. 20. Businesses have 3 days to comply with the new restrictions. Some of the more notable required changes include:

- Restaurants, places of worship and movie theaters can be open at 25 percent capacity or 100 people, whichever is fewer
- Retail and shopping centers can be open at 50 percent capacity
- Gyms and fitness center can be open at 10 percent capacity
- Wineries can be open outdoors only
- Bars, breweries and distilleries that don’t serve food must close
- Schools **are not affected** by the change in tiers
