- Small gatherings continue to be a source of spread of COVID-19. Please avoid getting together in person with groups of people; [state guidance](#) prohibits gatherings of more than three households. When you do interact with others, ensure that you are wearing face coverings, practicing physical distancing and symptom-free.
- The most common symptoms of COVID-19 in recent cases have been headaches, cough and muscle aches, followed by chills, loss of taste, runny nose, sore throat and fever. If you are experiencing any symptoms, even if they are mild, please isolate yourself and do not interact with other people.
