Shasta County, 7-Day Average, Adjusted Case Rate\* per 100,000 Residents

- We are sorry to have to report a death today. He was a man in his 60s.
- Shasta County remains in the red tier, and our case rate and positivity rate both dropped again this week. Our adjusted case rate dropped from 5.0 to 4.5 daily cases per 100,000 residents. The unadjusted case rate is also 4.5. Our positivity rate decreased from 2.0% to 1.8%. **Let's keep our numbers moving down!** Please continue to wear your mask in public, keep your distance, get tested regularly and get vaccinated when it's your turn.

Shasta County 7-Day Average Positivity Rate

- For the first time since October 17, no one is in the intensive care unit with COVID. Keeping our case numbers down protects our more vulnerable residents from severe illness that can lead to hospitalization and death.
- Appointments are **available now** for first-dose clinics this week. They are:
