CURRENT SITUATION

- We had 31 cases Tuesday, including 16 men and 15 women:
 - 1 child under age 13
 - 2 teenagers
 - 8 people in their 20s
 - 6 people in their 30s
 - 5 people in their 40s
 - 4 people in their 50s
 - 3 people in their 60s
 - 1 person in their 70s
 - 1 person in their 80s
- This report includes a weekly update to our total case numbers, as we have been conducting case investigations to correct reported cases that were duplicates or out-of-county records.
- The weekly COVID-19 update by Health Officer Dr. Karen Ramstrom and Shasta County Public Health Branch Director Robin Schurig is now available. It can be found on www.ShastaReady.org under “Current News,” and also on the Shasta County Health and Human Services Agency Facebook page. These updates are posted at 11 a.m. Wednesdays.
- **Tip:** In addition to keeping your vaccination card in a safe location, consider also taking a picture of it as a backup.
- Summer is right around the corner, and vaccination is the best way to protect yourself and your family from COVID while you’re out enjoying life. The two Moderna doses need to be taken four weeks apart, and the two Pfizer doses need to be taken three weeks apart – and it’s another two weeks before you’re fully protected. While you’re making those summer plans, consider visiting www.ShastaReady.org and clicking on “Vaccinations” to find a vaccine appointment that works for you.
