

Health Advisory #25:

COVID-19 Mobile Vaccination Team

April 22nd, 2021

Please distribute to all providers in the facility

Go to [link here](#) for an electronic version of this Health Advisory

FOR SHASTA COUNTY PROVIDERS ONLY

The purpose of this advisory is to provide health care providers with:

- How to refer homebound individuals for on site vaccination.
- How providers can connect their other patients with vaccine options.

How can homebound individuals access vaccines?

Shasta County HHS Public Health Branch has developed a Mobile Vaccination Team to provide access to the COVID-19 vaccines to individuals not able to utilize any other available clinic options. Eligibility for a Strike Team visit may change based on vaccine access, program capacity, and community need. The [Mobile Vaccination Team Referral form](#) provides detailed criteria for determining eligibility. If you think a patient or site may be eligible for a Strike visit based on meeting the current criteria, please complete the referral form and e-mail it to DOC45@co.shasta.ca.us.

Individuals age 16+ who meet the definition of Homebound according to CMS:

... a condition, due to an illness or injury, that restricts the ability of the individual to leave his or her home except with the assistance of another individual or the aid of a supportive device (such as crutches, a cane, a wheelchair, or a walker), or if the individual has a condition such that leaving his or her home is medically contraindicated. While an individual does not have to be bedridden to be considered "confined to his home", the condition of the individual should be such that there exists a normal inability to leave home and that leaving home requires a considerable and taxing effort by the individual.

Submitting this form does not guarantee that a Strike will be performed for the patient or site listed. It will initiate a conversation between the potential strike target and the Strike Team Coordinator or schedulers to gather additional information and determine the best course of action.

How can my other patients get vaccinated?

All other individuals should be referred to www.ShastaReady.org/covid-19/vaccinations where they can follow the steps to sign up for MyTurn and schedule an appointment to get vaccinated.
